

Глобальный Сертификат По Технологиям Возобновляемой Энергии

Global Renewable Energy Technologies

mindmap

```
root((Global Renewable Energy Technologies))
  Renewable Energy Types
    Solar PV technology
    Wind turbine systems
  Energy Storage Systems
    Lithium battery storage
    Hybrid storage
  Legal Financial Aspects
    Climate agreements
    Green bond financing
  Project Risk Management
    Lifecycle cost analysis
    Resource variability
```
